Chapter 1 by Jules

ok for winter break my parents are sending me to florida because they think I need to spend more time with family. Beep beep beep my alarm clock rings. I rubbed my eyes and thought to myself ugh i'm going to florida. A few seconds after my alarm rings my stepmom walks in and says "time to go." I quickly remarked "but i don't have leave for another hour" .if you can't tell my stepmom doesn't really like me. After packing the rest of my stuff it was about time to go and my friend michelle ran up to me and said "don't meet any cute guys while i'm gone" we both laughed. At that moment my dad said "Let's go". When we were in the car my dad ask what are you going to be doing all 2 weeks I said " I streamed 3 weeks worth of videos" he look at me with a disappointed face.

When I got there I was meeting all these family members that I don't remember but they remember me. That took about 20 minutes then it was just me and my cousin david. He said he wanted to show me his friend so we went next door we talked a little and found out that david's friend name was christian david suggested that we go to christian's room. david ran inside while christian grabbed my hand and pulled me up stairs it was embarrassing we went back home after awkward afternoon I went home with david i thought it would be a boring winter until I open a random door that I found in the basement looks like winter break got a whole lot

David didn't know what it was. He was just a little boy. We walked down the stairs that led from the door. And we were both greeted by an irritating amount of cobwebs.

David thought he would try to be kind and hold my hand because he was a year or two older, not knowing I was secretly bisexual. It was super awkward, but I accepted because it was super scary, and he was kinda cute. So we eventually reached the bottom of what felt like a hundred steps, David used his phone as a flashlight. Once we reached the bottom David said we should split up to cover more ground quickly, but I said I was scared and grabbed his arm to express this.
